### Our Vision

At Hazelwood North Primary School, we are a community of life-long learners who are inclusive, kind and curious. We are problem solvers who work together with confidence to strive for growth and excellence.

## Principal News

This is my last newsletter for the term as I head off for Long Service Leave. As stated earlier, Acting Principal for the last 2 weeks of term will be Kate Boddy (Tuesday, Wednesday and Friday) and Mark Atherton (Monday and Thursday). Mr Atherton's grade will be covered by a CRT, Matt Ebsworth. I appreciate any support you can give to Kate and Mark during this time.

As Ms Boddy heads off on family leave early next term, we are in the process of recruiting to her position. We will let you know who this will be in the next newsletter once this process is complete and we have appointed someone.

I hope the rest of the term goes very well and wish all of our families a safe and happy term break.

### Congratulations Ms Adams!!

In the early hours of Wednesday morning, Ms Adams gave birth to a little girl who they have named Maisy Cameron. Maisy was definitely keen to enter the world, having arrived early, and both her and Ms Adams are doing well. We wish Ms Adams all the best for her leave and spending time settling Maisy into her family and look forward to having Ms Adams back during 2025.

Keep smiling and take care,

Gillian Connolly ☺

Respect, Responsibility, Resilience

Last Monday, 5 students, Ella, Chase, Elijah, Hugh, Sam and myself met Dr Jane Goodall at Melbourne Museum. Previously, through Dr Jane's 'Roots and Shoots' program, HNPS was lucky enough to win some prizes, and also received a grant to buy plants for our Reflection Garden. Dr Goodall presented an inspirational speech about how individuals can choose to positively contribute to the future of the world. She explained how a single raindrop in the desert does not make a difference, but that a downpour can transform the landscape. Our children are seeds, who when nurtured will sprout and spread, forming connections that will lead to change. Dr Jane is extremely passionate about spreading her message of hope, and at 90 years of age travels around the world for 300 days a year. One day, maybe there will be more like her!

Unfortunately, our 6<sup>th</sup> student, Tommy, was unable to attend due to illness. Tommy had already prepared an overview of Dr Jane's life to display, so we have attached it below (great work Tommy!).
